Film and Sheet EXTRUSION

The global digital magazine and apps for film and sheet makers

Film and Sheet Extrusion is the monthly magazine written exclusively for producers of plastics films and sheet around the globe. It is accessed by thousands of readers every month free-of-charge online, on tablets, smartphones, and via our free apps for the iPad, iPhone and Android devices.

Film and Sheet Extrusion delivers relevant and up-to-date information on the most important technical developments, market trends, business news, product innovations and legislative announcements. And, unlike other general plastics magazines, it is 100% focused on the specific information needs of designers and producers of plastics film and sheet products.

Published by our expert editorial team at AMI - the leading provider of databases, market intelligence and conferences for the global plastics processing industries - *Film and Sheet Extrusion* benefits from access to our detailed databases of senior decision makers at film and sheet manufacturing and conversion sites across Europe, the Americas, Asia and the Middle East. These global databases include key purchasers of extrusion lines, downstream and ancillary equipment, polymers and additives, and related services for the film and sheet industry.

Looking to access this market? Our advertisements are very competitively priced and include links directly to your website. If you are selling machinery, ancillary equipment, materials, additives or services to the plastics film and sheet industry, then *Film and Sheet Extrusion* is the vehicle to promote your business globally.

Digital magazines for the digital age: online; on tablets; on smart phones

We lead the way with electronic magazines for the plastics industry

Email circulation: 24,782

App downloads: 10,994

Twitter followers: 16,867

Film and Sheet Extrusion is a digital magazine for the digital age. It is available free-of-charge online using a standard internet browser and can also be read on the iPad, iPhone and Android-based devices using our free apps or HTML5 browser.

The **online edition** is hosted on the Yudu platform for digital magazines, which means there is no need for readers to download special software or large files. Subscribers are notified of each new edition by email and a simple click of a weblink takes them to the latest magazine. Our user-friendly interface allows them to browse and read the magazine just like a printed product, but with the additional benefits of online delivery and digital interactivity. Readers can easily forward links to articles, allowing them to share *Film and Sheet Extrusion's* valuable content with colleagues, suppliers and customers. And they can

download the magazine as a PDF for storage and printing.

The *Film and Sheet Extrusion* apps for the **iPad, iPhone** and **Android** devices are proving very popular with readers around the world. The dedicated apps have been downloaded more than 10,994 times since their launch in 2012, and more subscribers are signing up every day. Our apps are extending the reach of the magazine beyond its already substantial online readership, providing even more value for advertisers.

We use our @PlasticsWorld **Twitter** feed to keep our readers up to date with the latest plastics industry news and to let them know whenever we publish a new edition of *Film and Sheet Extrusion* magazine. To date, @PlasticsWorld has attracted a global following of more than 16,867 people and is one of the most popular sources of plastics industry information on the social media site.
